The Standard says civil war drawing very close, declaring that only a general election can avert it. It declares that the opposition is "in a patriotic duty to strain the resources of the constitution to the utmost to secure that result."

## DUKE OF CONNAUGHT TO CLOSE HIS TERM IN SEPTEMBER NEXT

Manchester Guardian States Canada's Governor-General Will Retire Then

## DUKE OF TECK WILL NOT LIKELY SUCCEED HIM

His Royal Highness' Long Public Career Will End When Term Is Finished Here

Canadian Associated Press.

London, March 16.—The Manchester Guardian, which is generally judicious in its statements regarding royal personages, gives prominence today to a despatch from its correspondent in September. The Duke of Connaught, who is to retire from the Dominion of Canada in September. The Duke, however, does not return to England immediately, says the Guardian, seeing that he is going to visit the Yukon. His Royal Highness is well known here, having visited the United States, taking leave of President Wilson at Washington and spending a few days in New York in private engagements.

The Guardian says that the Duke will, on the close of his Canadian term of office, consider his lengthy public career ended. As his successor at Ottawa this despatch does not think that the Duke will be asked to accept, seeing that he is due to command his last life guards.

On Friday, March 6th, Dr. Alfred Thompson, member for the Yukon, waited on His Royal Highness, as Duke of Connaught at Rideau Hall, and decided an invitation to the Duke of Connaught to visit the Yukon next summer. The governor-general declined the Arctic Brotherhood and expressed his keen regrets at not being able to accept the invitation this year.

ORPHEUM VAUDEVILLE  
UNDER A HANDBAND.

A good show, noted by a poor orchestra—that is the simplest way in which the Orpheum vaudeville act at the Orpheum theatre was summed up. If it were the proper thing to pen a small but correct notice to the management of the theatre on behalf of those who pay their money to be entertained, it would be: "We pray thee, give us more music and less noise as a side dish to the various vaudeville acts."

Of course, it must be admitted that a good orchestra does it hard work to pick up at once the many different variations of time and style that vaudeville artists want, but when a mediocre orchestra attempts the task, something is sure to happen, and the something yesterday proved to be the "killing" of three or four of the acts. Mr. M. H. Wright, after a morning rehearsal and a matinee, was called on by a member of the audience, who was a doctor, to see if he could not help the orchestra. "Hold on, slow it up a bit now," he said. "Hold on, slow it up a bit now," he said. "Hold on, slow it up a bit now," he said.

Dr. Campbell, W. P. Puffer and Hon. Wilfred Garfield Addressed Audience of 400 People

Ponoka, March 16.—A Liberal rally, under the auspices of the Ponoka Liberal Association, was held in the Empire theatre, Saturday evening. The hall was crowded to the doors, over 400 people being present. The meeting was one of the most enthusiastic ever held in the town. The speakers were Dr. Campbell, W. P. Puffer, member for Lacombe, and Hon. Wilfred Garfield, minister of municipal affairs. It was the minister's first visit to Ponoka. He was given an excellent reception and made many friends.

Dr. Campbell, who spoke first, gave a resume of his work as representative for the constituency. He reviewed the legislation enacted at the last session of the legislature. He then turned to the subject of the Yukon. He said that the Yukon was a great country, and that it was the duty of the government to develop it. He then turned to the subject of the Yukon. ## THEATRES AND MUSIC

ORPHEUM VAUDEVILLE  
UNDER A HANDBAND.

A good show, noted by a poor orchestra—that is the simplest way in which the Orpheum vaudeville act at the Orpheum theatre was summed up. If it were the proper thing to pen a small but correct notice to the management of the theatre on behalf of those who pay their money to be entertained, it would be: "We pray thee, give us more music and less noise as a side dish to the various vaudeville acts."

Of course, it must be admitted that a good orchestra does it hard work to pick up at once the many different variations of time and style that vaudeville artists want, but when a mediocre orchestra attempts the task, something is sure to happen, and the something yesterday proved to be the "killing" of three or four of the acts. Mr. M. H. Wright, after a morning rehearsal and a matinee, was called on by a member of the audience, who was a doctor, to see if he could not help the orchestra. "Hold on, slow it up a bit now," he said. "Hold on, slow it up a bit now," he said. "Hold on, slow it up a bit now," he said.

combined with good action, are bound to interest and hold any audience. One of the strongest scenes in which the Duke of Connaught is seen is when she is killed by John Owen. Another, and perhaps the real dramatic moment of the live radio, is when Florida falls on her knees and kisses the hand of Osmunde, the man who has saved her from the sea. And to whom she was drawn at the first moment.

There is tragedy in the story as well as comedy, although much of the effect of it is lost in the observer through his inability definitely to determine at first whether the Duke of Connaught is a villain or a hero. **Easterners Threw Scare Into Vic. Camp by Running in the First Three Goals—They Then Faded Away to Nothing and the Home Team Won 6 to 4—Second Game Wednesday**

**Bulklin Loses Wire.**  
REGINA, March 16.—Worn down by the staying power of the Regina Victorias and out-gamed in the second half the Grand Mere hockey team, challengers for the Allan cup, were defeated tonight by the championship of Eastern Canada, went down to defeat tonight by the decisive score of 6 to 4. The half time score was 3 to 2 in favor of Grand Mere. The score is a fair

Regina nets must have been marvelous and it was his goalkeeping that kept the Dominions from Winnipeg.

**A Farce Again**

Barney Stanley accompanied the Regina team to Winnipeg for the cup game, and is expected home tomorrow.

The Hecina Stars

Crowe and Abbott were the stars of the game for the Vics. Crowe was the steepest man on the iq and checked with rare skill and rushing with good effect. His work was such as to make very apparent the reason of his choice as captain. Abbott of the wing played with every ounce and that was in him and when Abbott

With a lead of two points and the Grand Mere team must win on Wednesday night by three goals to take the lead in the curling standings. The challenge the challengers must defeat the defenders, not merely tie them. They stand small chance of doing that on the form displayed tonight, or under any ice conditions the Vics face ice men. Kelly and Hoffman often was an always a lower end of the scale and also usually served in attack.

The work of McCulloch in goal deserves special mention. In the first half particularly when for a time he was peppered from all angles his work was superb. In the second half, he had much less to do but not

**An Early Lead**  
Grand Mere scored the first three points of the match, but the Indians

most of the match, having slightly more control than the Vics in the first 15 minutes of the half. Ritchie's speed, McLaughlin's true eye, Kelly's hard work in centre and Hoffman's great stick handling were the reason. But the challengers played themselves out of the game by trying to roll over the soft because they have not the sound excellence of the Vics. The men who starred in stick handling

was not there with the necessary amount of time to play the game. The rule of course, one of them being McLaughlin who is as good as dead in some of the parts when it comes to the game. The game was exceptionally good though in common with the rest of the team he was playing very well and at the second half proved.

Hoffman at home is a second Bruce. He is a very good player and a good deal of reserve speed which Stuart had. His stick handling is reminiscent of nothing so much as Stuart's and Stuart was a master. Kelly, the other centre line man, is dangerous.

**Moran's Good Work**  
The showing of the winners was principally due to the great work of Moran, who, in the first half, was the only player who was able to get the ball into the goal. The game was marred to a considerable extent by the fact that the referee team in front of him demonstrated for about eight minutes only one goal was shot past him.
